About us

ABOUT US

We SUNGLOW TRENDZ are delivering the best products with great value for our clients with outstanding customer services. Our outstanding services offer excellent quality control, flexible manufacturing and production options and fast and reliable delivery.

We have the capability of providing quality services, timely deliveries and adherence to buyers quality standards. Our company maintains a constant high standard of business conduct and ethics. We are dealing from 500 Pcs to 10,000 Pcs per style.

We Handle Orders with the Lead Time of 75-120 Days based on the product category. We take pride in the efficiency of what we do and always employ the most effective and technology available. Our most important asset is the people who make up our company. We are committed to growth and improvements of all aspects of our operation. We are very transparent with our clients to welcome to our facility's and raw material suppliers.

MISSION

We Sunglow Trendz seeks a high standard of performance and aim to maintain a long- term relationship in the textile market

This will be achieved through operating efficiency, continued dedication to our customer, cost effectiveness, innovation and conformance to our values.

The company strives to protect each customer's investment and provide a return, which meets or exceeds their expectations. This is achieved through continued success in new businesses and also retaining old customers, which is supported by the development and provision of new products to our customers, so we can make every customer smile.

What We Do

A full spectrum of engagement depending on your needs

OUR COST EFFICIENCY

We have as many sources as possible in hand about the suppliers and the deep area of their specialization in manufacturing. If a Customer approaches for a specific product, We will give wide details of our specialization and how competitively a Customer can finalize their Price without compromising quality.

OUR QUALITY ASSURANCE

We strongly believe the "QUALITY" is very important to keep our customer for long term business relationship. We have an internal team of Quality assurance people to meet the needs of the Customer and then to ship the quality products from our side.

OUR DELIVERY COMMITMENT

We ensure on time delivery. Once the order is placed with us, We will follow up all the activities on daily aspects and will encourage our team about our buyer standards & requirements and with all the needs to ensure on time delivery.

Services

SOURCING

We Approaches the Clients With their Needs to be Full-filled and to have a long term relationship. We Source material after lot of Cross-Checks and Specifications to meet up the Clients requirements. Apart from the Regular Ones, We Always keen to Show the Un-Explored things to Clients.

PRICE NEGOTIATIONS

Price Negotiation is one of our key strength. We are transparent in Pricing and giving some ideas to clients "How to reduce the Price Without any change in the aesthetic look ". We pay an Extra Care to Maintain Accuracy and Competency when it comes to Price Negotiation.

PRODUCT SAMPLING

We develop designs as Per Clients Requirements. Clients Confirms the Fit and Style with the help of Samples and Ideas Given by Us. We Develop Experiment Samples, Salesman, and PROTO etc. We always update Technical Improvements, New Fabrics, Accessories, and Print Designs etc.

PRODUCT EXECUTION IN BULK

PP (Pre-Production) samples will be sent to clients before to start the production of each style. T&A Plan (Time and Action) will be sent to clients for every style to follow and maintain as per Plan. We will be closely following with our internal team every day to make sure that Production is as per plan & Requirements. If there are any deviations, we will bring it to clients with our FEEDBACK & SOLUTIONS. Each and every week, the production status will be updated to clients in our Master File & in a Specified Format

QUALITY AUDIT

We Promises to Deliver the Product in Right Quality and in Right Time. We do Monitor and Conduct Inspections at Various Stages to Maintain and Ensure Quality in Products. Some of Quality Segments are listed as Follows. 1) 100 % INSPECTION for Boutique Orders 2) Fabric Inspection 4 POINT SYSTEM / 10 POINT SYSTEM 3) INITIAL / MIDLINE / DUPRO / PRE-FINAL Inspections 4) FINAL INSPECTION as Per Clients AQL Level and Quality Standards.
